GRAN FONDO VALENCIA

A dream to fulfill, a challenge to overcome

The GRAN FONDO VALENCIA begins in La Marina de Valencia in the Harbour of Valencia, next to Veles e Vents, and runs through Levantine lands with impressive landscapes.

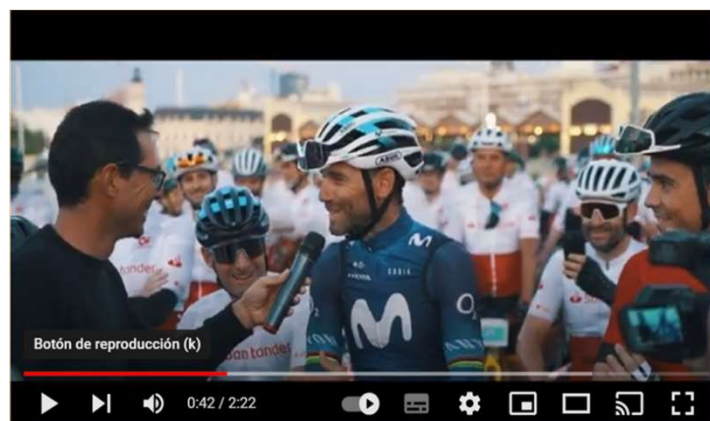

The most demanding route of 177km will take participants to climb Canteras, L'Oronet, Alto de Segart and Chirivilla to repeat the first one on the other side before returning to the city. The 148km route includes the essence of the 177km without the first special Alto de Segart. The 89km route will also climb Canteras and L'Oronet.

Participants: 3000

177 KM distance race

The 177 km option consists of a route of high difficulty, with a positive difference in altitude of 2,033 meters.

Its departure and arrival take place at La Marina de València, and it goes through mythical ports such as Canteras (182 m), L'Oronet (493 m), and of special category, Alto Segart (589 m and mythical in the Cycling Tour of Spain) or Puerto Chirivilla (711 m).

148 KM distance race

The medium distance option has a route of 148 kilometers and a positive difference in altitude of 1474 meters.

Unlike the long distance, this option does not go up to Alto Segart, but it does go through Canteras, Puerto l'Oronet and Puerto Chirivilla.

Also both departure and arrival take place at La Marina de València.

89 KM distance race

The 89 km route option has a positive difference in altitude of 671m and is a low difficulty route, designed so that those who are less trained can enjoy the pedals.

Both the departure and the arrival are the same as in the previous cases in La Marina de València, and it includes the ascent to Canteras and Puerto l'Oronet.
