VALENCIA IS A CITY WHERE YOU CAN ENJOY SHOPPING

If you like to go shopping, you will enjoy Valencia, as you will find not only the most important international brands but also young designers' creations, craftspeople and the best vintage clothing. Of special interest are the products **Made in Valencia:** gastronomy, crafts, and textile fashion with silk as the protagonist, among others.

The historic centre and the surrounding districts are the shopping areas par excellence. Culture, avant-garde, tradition and fashion live side by side on various streets: Colón, Poeta Querol, Don Juan de Austria, Jorge Juan, Cirilo Amorós, La Paz and adjacent streets.

To discover something more **alternative**, wander through the **neighbourhoods of Carmen and Ruzafa**, where you will discover their small shops and workshops. Likewise, the **Cabañal** and **Benimaclet** districts are two neighbourhoods of recent tourist interest, with their shopping hot spots still to be explored. You mustn't miss out on your travel souvenir. Valencian **handicrafts or typical products**, ceramics and bobbin lace stalls in the **Plaza Redonda** are a classic. And if you happen to be visiting in the month of May, from the second Sunday until Corpus Christi, you will find in the Plaza de la Reina, next to the Valencia Cathedral, the uniquely charming traditional L'Escuraeta market.

Different proposals to suit all tastes. Whatever you like, always spare a moment to take a shopping break on your visit and take a little bit of Valencia home with you.
